

STURDI-WALL[®]CUSTOM

BY PERMA-COLUMN

- CUSTOM DESIGNED.
- CUSTOM ENGINEERED.
- CUSTOM FABRICATED.

You specify the dimensional and loading details.

We custom design, engineer, and fabricate to fit.

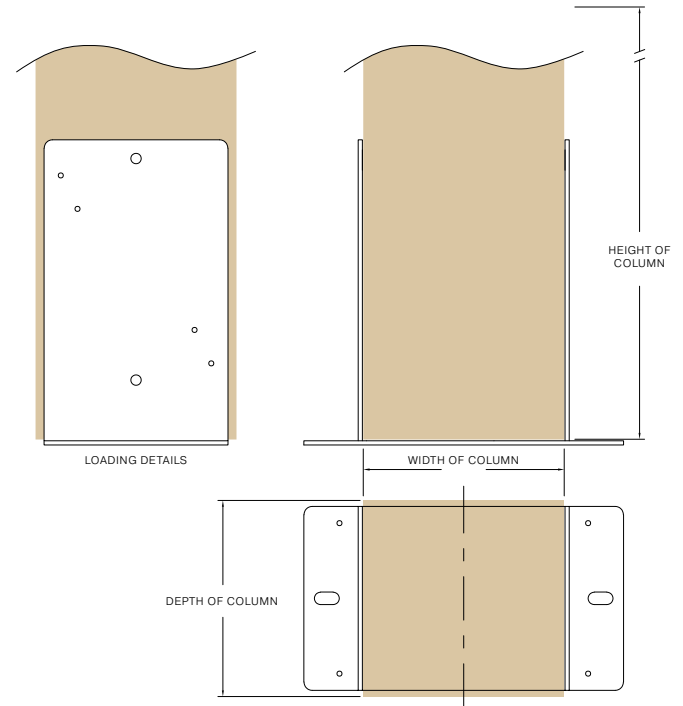

CUSTOM ANCHOR BRACKETS...BUILT TO YOUR SPECIFICATIONS

Professional-grade anchor brackets, custom engineered to support the unique architectural and structural design requirements of your project. Fabricated with the same quality materials and processes we perfected for Sturdi-Wall[®] brackets. You specify the dimensional and loading details of your column and we custom design and engineer the anchor bracket to fit your application.

CUSTOM ANCHOR BRACKETS FOR ARCHITECTURAL APPLICATIONS

Customized to your specifications

Sturdi-Wall® Custom anchor brackets are designed and engineered to support the unique dimensional requirements of post-and-beam construction. You specify the dimensional and loading details, we design, engineer, and fabricate the anchor bracket to support your application.

STURDI-WALL[®] CUSTOM BY PERMA-COLUMN

DESIGN OPTIMIZED FOR PERFORMANCE

Engineered flatness maximizes surface-area contact.

ENGINEERED FOR STRENGTH

American-made ¼" steel with specified metallurgy for maximum tensile strength, yield strength, and elongation values.

ENHANCED DURABILITY

Super Durable Polyester Powder Coat tested to exceed 2,000 salt-spray hours, prevents corrosion and resists UV damage.

QUALITY ASSURANCE

Robotically welded for consistent, predictable weld strength. Manufactured to tight tolerances (+/- 0.125") in all dimensions.

GUARANTEED

Lifetime warranty protects your reputation and guarantees every Sturdi-Wall® custom product to be free from defects in material or manufacturing, protecting you and your customer.
