

PROFESSIONAL-GRADE POST-FRAME ANCHOR BRACKETS

TIGHT-TOLERANCES
IN ALL DIMENSIONS

AMERICAN-MADE
1/4" STEEL FOR
MAXIMUM TENSILE
AND YIELD STRENGTH

TESTED. CERTIFIED. PROVEN.

That's why professional post-frame builders trust the number-one-selling brand. Sturdi-Wall® anchor brackets are the only brackets on the market that are fully ICC-ES certified. Engineered, robotically welded, powder-coated, and backed by a lifetime warranty, Sturdi-Wall® has a decades-long track record of proven performance—with zero failures.

STURDI-WALL®

BY PERMA-COLUMN

THE WORLD'S MOST DURABLE POST-FRAME ANCHOR BRACKETS

Drill-set anchor brackets

Sturdi-Wall® drill-set models are designed and engineered for applications in which the concrete foundation has already been poured and cured.

Universal anchor brackets

Sturdi-Wall® Universal drill-set brackets are engineered to securely anchor columns to the foundation at corners and doors where connection space is limited.

Wet-set anchor brackets

Sturdi-Wall® Plus anchors are engineered to be installed when concrete is still wet, eliminating the tedium of drilling and then securing with concrete fasteners.

NO OTHER ANCHOR BRACKET EVEN COMES CLOSE

STURDI-WALL®
BY PERMA-COLUMN

THIRD-PARTY TESTED

Sturdi-Wall® and Sturdi-Wall® Plus brackets are the only ICC-ES-certified post-frame anchor brackets on the market, with High-Velocity Hurricane Zone code compliance.

DESIGN OPTIMIZED FOR PERFORMANCE

Welded Lam Plates on wet-set brackets provide added strength and moment value. Engineered flatness of drill-set brackets maximizes surface-area contact.

ENGINEERED FOR STRENGTH

American-made 1/4" steel with specified metallurgy for maximum tensile strength, yield strength, and elongation values.

ENHANCED DURABILITY

Super Durable Polyester Powder Coat tested to exceed 2,000 salt-spray hours, prevents corrosion and resists UV damage.

COMPLETE PRODUCT LINE OFFERING

Every size you need in drill-set and wet-set options: 4x6, 6x6, 8x8 posts; 3-ply, 4-ply, and 5-ply 6- and 8-inch nail-lam or glulam columns; 6- and 8-inch universal brackets.

QUALITY ASSURANCE

Robotically welded for consistent, predictable weld strength. Manufactured to tight tolerances (+/- 0.125") in all dimensions.

READILY AVAILABLE NATIONWIDE

High-volume manufacturing ensures availability through local distributors and 2,000+ lumberyards and home centers.

GUARANTEED

Lifetime warranty protects your reputation and guarantees every Sturdi-Wall® product to be free from defects in material or manufacturing, protecting you and your customer.

Protect your customers. Protect your business. Protect your reputation.
